*Product #57124 (Red) / 57144 (Yellow)*

Premium fluid formulation that optimizes performance in modern power steering systems

## THE PROBLEM

Over time, the active and protective properties of power steering fluid oxidizes, breaks down and becomes contaminated with worn hose material. Old oxidized fluid needs to be removed and replaced with new fluid to ensure continued safe and proper operation.

## THE SOLUTION

**BARDAHL PRO® Power Steering Fluid** is blended from premium quality base oils and professional grade anti-oxidant additives that provide wear, rust, corrosion and foam protection for power steering systems. The formulation contains a seal conditioner to maintain seal pliability to reduce the potential for leaks. This fluid is safe to use in domestic and imported vehicles sold in North America, except Honda and Acura.

## THE BENEFITS

- Superior Group II base oils
- Protects against wear, rust and corrosion
- Contains seal conditioner to prevent leaks
- Excellent wear protection for smooth quiet operation
- Resists foaming and enhances low temperature performance

### MEETS SERVICE REQUIREMENTS FOR:

- GM 9985010
- Chrysler MS-1872
- Chrysler MS-5931
- Ford M2C195-A
- Saab PN 30 03 800
- Subaru PN K0Z09A0080

## DIRECTIONS

Use to replace old power steering fluid with professional fluid exchange equipment or add to the reservoir as needed to maintain correct fluid level. Dispose of any used or unused fluid in accordance with the local, state and federal regulations.
