ULTRA PRO SYNTHETIC FUEL SYSTEM CLEANER

Product #94350

Safely cleans the entire fuel system to restore power and improve fuel economy

THE PROBLEM

Harmful carbon deposits forming throughout the fuel system is the #1 cause of drivability issues in all types of gasoline powered engines. The deposits form in the fuel injectors, on the intake valves, and in the combustion chamber. Which contributes to hard starting, rough idling, hesitation when accelerating, engine knocking or pinging, increased exhaust emissions and reduced fuel economy.

THE SOLUTION

BARDAHL PRO® Ultra Pro Synthetic Fuel System Cleaner is an ultra-concentrated formula that uses a fully synthetic Poly Ether Amine (PEA) detergent additive package, that meets OEM performance standards for new and old style fuel injectors. The solution provides a rapid and efficient 'one tank' clean-up of the entire fuel system, removing carbon and other harmful deposits from the injectors, intake valves and combustion chamber. It improves acceleration and gas mileage, while reducing harmful exhaust emissions, restoring power and improving performance. The formulation is safe for all on-board diagnostics, including oxygen sensors and catalytic converters. It contains no alcohol and is safe to use in all types of gasoline and up to E85 Ethanol Fuels.

THE BENEFITS

- Removes carbon deposits from the injectors, intake valve and combustion chamber
- Eliminates hesitation, hard starting and rough idling
- Restores power, enhances performance and improves fuel economy
- Reduces the octane requirement and need for premium fuel
- Effective in all types of injectors, including gasoline direct injection (GDI/DIG)

DIRECTIONS

Add one bottle to the fuel tank prior to filling-up with fuel. One 11 oz. bottle treats up to 20 gallons (75 liters) of gasoline. Conduct the service every 7,500 miles or as recommended by a technician. Dispose of any used or unused solution and container in accordance with the local, state and federal regulations.

Product Specifications

| | |
|--------------------------------|-------------------------------|
| Product # | 94350 |
| Unit UPC# | 0 76906 94350 5 |
| Case UPC# | 30076906943506 |
| Pack Size | 12x11 U.S fl oz (325 mL) |
| Dimensions | L x 11" W x 8" H 8.5" |
| Weight & Cubic ft ³ | 10 lbs / 0.43 ft ³ |
| Color | Light Amber |
| Specific Gravity | 0.852 |
| Viscosity | N/A |
| Flash Point | >136°F / >58°C |
