DIESEL FUEL CONDITIONER

#94390

Product #94390

Cleans fuel systems to reduce emissions, restore power and improve fuel economy

THE PROBLEM

Modern diesel engines use a sophisticated fuel injection system to provide efficient engine operation. Deposit build-up in the fuel injectors affect the spray pattern contributing to poor performance, reduced fuel economy and increased emissions. Ultra-low sulfur diesel fuel often lacks the lubricity to protect critical fuel system components, which can lead to increased wear in pumps and injectors.

THE SOLUTION

BARDAHL PRO® Diesel Fuel Conditioner is a complete multi-functional diesel fuel enhancer that improves fuel system detergency, disperses water, boosts cetane and provides additional vital lubricity. This keeps fuel systems clean, improves combustion and reduces wear. The Engine Manufacturers Association (EMA) recommends the use of “premium” diesel fuel to get maximum performance. DFC converts regular diesel into premium grade diesel fuel.

THE BENEFITS

- Disperses water and excess moisture
- Converts regular diesel into premium grade diesel fuel
- Removes fuel injector deposits and keeps injectors clean
- Restores injector spray patterns to improve power, performance and fuel economy
- Prevents deposits caused by use of biodiesel blends
- Increases cetane rating of fuel to improve combustion and reduce emissions
- Enhances lubricity of fuel to protect pumps and injectors from wear
- Protects entire fuel system from rust and corrosion
- Suitable for use with all types of fuel injectors and safe with DPF and catalytic converters

DIRECTIONS

Add to tank prior to filling-up with fuel. One bottle treats up to 35 gallons. Use at every fill-up. If fuel system has not been treated since new, use CRDI Cleaner # 3342 to quickly remove existing deposits; then use this solution to keep the fuel system clean and maintain power and performance. Dispose of any used or unused solution and container in accordance with the local, state and federal regulations.

Product Specifications

Product #	94390
Unit UPC#	0 76906 94390 1
Case UPC#	30076906943902
Pack Size	12x11 U.S. fl oz (325 mL)
Dimensions	L x 11" W x 8" H 8.5"
Weight & Cubic ft ³	10 lbs / 0.430 ft ³
Color	Light Amber
Specific Gravity	0.870
Viscosity	N/A
Flash Point	>141°F / >60.5°C
