PRODUCT INFO

# AC FRESH

Product #94584

Disinfects and removes musty, foul odors from vehicle AC systems.

## THE PROBLEM

Over time all air conditioning systems will develop bacteria that produce odors and a deteriorating breathing environment. There are many sources that cause this problem, including mold, mildew, fungus, smoke, food and local environmental conditions.

## THE SOLUTION

BARDAHL PRO® AC Fresh contains the latest chemistry to quickly and efficiently eliminate the odor producing bacteria organisms. The solution also has powerful deodorizers that keep the automobile interior smelling fresh and clean.

## THE BENEFITS

- Cleans and renews automotive A/C systems
- Eradicates bacteria and eliminates odor producing organisms
- Deodorizes and freshens the system and cabin

## DIRECTIONS

With the engine running and air conditioner on normal, but not maximum/recirculate, spray AC Fresh into the exterior air intake vent. Hold can 8 to 12 inches above the vent while spraying for four to six seconds. Make sure the spray tip is pointed directly at the air intake vent before spraying. After applying product into the air conditioning system, turn off the ignition and allow product to settle in ventilation system for 10 minutes. It may be necessary to let vehicle air out after application with windows down. If the odor persists; repeat the treatment as necessary.

Dispose of any used or unused solution and container in accordance with the local, state and federal regulations.

### Product Specifications

Product #	94584
Unit UPC#	N/A
Case UPC#	N/A
Pack Size	24x2 U.S. fl oz (56.7 g)
Dimensions	L x 7" W x 9" H 8"
Weight & Cubic ft³	7 lbs / 0.29 ft³
Color	Clear
Specific Gravity	0.870
Viscosity	N/A
Flash Point	>80°F / >35°C
Toxicity	1000 ppm OSHA TLV
EPA Registered No.	444486-20-90144
